Dear Parents/Guardian:

Norton City Schools Breakfast Program is available to all students every morning at all of our buildings for the start of the 2016/2017 school year. Your child can participate every day or occasionally. It's a nutritious and convenient way for your student to start their day!

The breakfast cost will be \$1.50 at our Elementary/Middle School and \$1.75 at our High School. Students who qualify for a free or reduced lunch also qualify for free and reduced breakfast. The cost of a reduced breakfast will be \$.30.

Breakfast, as studies have shown, is the most important meal of the day. This healthy school breakfast, which provides students with 25% of the recommended daily allowance of protein, calcium, iron, vitamins A and C and calories, will be served in a fun grab 'n go meal bag.

Norton City Schools believes that all students should start the day off with the advantage of a healthy breakfast. If you have other questions about our breakfast program please feel free to contact Judy Johnsen, Food Service Supervisor at 330-825-6627 Ext. 1.

Sincerely,

Judy Johnsen
