WHAT TO EXPECT:

An application will need to be completed for each child for which you are applying. Once the application is completed, a staff member will review the form to ensure it has been completed properly and that all required documents have been provided. We will make every effort to notify you by May 1 (with the exception of Kindergarten applicants) of your open enrollment status. Acceptance is first-come, first-served and is based on class size with special consideration given to families who already have children enrolled in the district. If your child is not accepted on May 1, your child's name will be put on a waiting list. Please note that open enrollment will remain open until the day before school starts in August. Additional openings may become available during this time.

ADDITIONAL INFORMATION:

Once your child is accepted, you will NOT need to reapply yearly; however, we do ask that you provide proof of residency at the beginning of each school year to confirm your school district of residence has not changed. **Please notify your child's school office secretary of any change of address immediately.** You WILL be required to apply again for any additional siblings you would like to enroll; however, subsequent children's names will be moved to the top of the OE list.
