---

Dear Parents/Guardian:

Norton City Schools Breakfast Program is available to all students every morning at all of our buildings for the start of the 2021/2022 school year. Your child can participate in our breakfast club every day or occasionally. It is a nutritious and convenient way for your student to start their day!

**The breakfast cost will be FREE to everyone for the 2021/2022 school year.**

Breakfast, as studies have shown, is the most important meal of the day. This healthy school breakfast, which provides students with 25% of the recommended daily allowance of protein, calcium, iron, vitamins A and C and calories, will be served in a fun grab 'n go meal bag.

Norton City Schools believes that all students should start the day off with the advantage of a healthy breakfast. If you have other questions about our breakfast program please feel free to contact Judy Johnsen, Food Service Supervisor at 330-825-6627 Ext. 1.

Sincerely,

*Judy Johnsen*
