

## ADMINISTRATION OF FEDERAL GRANT FUNDS

The Board accepts federal funds, which are available, provided that there is a specific need for them and that the required matching funds are available. The Board intends to administer federal grant awards efficiently, effectively and in compliance with all requirements imposed by law, the awarding agency and the Ohio Department of Education (ODE) or other applicable pass-through entity.

The Board directs the Treasurer to develop, monitor, and enforce effective financial management systems and other internal controls over federal awards that provide reasonable assurances that the District is managing the awards in compliance with all requirements for federal grants and awards. Systems and controls must meet all requirements of Federal law and regulation, including the Uniform Guidance issued by the U.S. Office of **Management and Budget** ~~and Management~~ **(OMB)** and any applicable state requirements, and shall be based on best practices.

All individuals responsible for the administration of a federal grant or award shall be provided sufficient training to carry out their duties in accordance with all applicable requirements for the federal grant or award.

The financial management systems and internal controls must provide for:

1. identification of all federal funds received and expended and their program source;
2. accurate, current, and complete disclosure of financial data in accordance with federal requirements;
3. records sufficient to track the receipt and use of funds;
4. effective control and accountability over assets to assure they are used only for authorized purposes and
5. comparison of expenditures against budget.

In addition, written procedures must be established for cash management and for determining the allowability of costs, as required by the Uniform Guidance.

At a minimum, the financial management systems and internal controls will address the following areas:

1. Allowability

Costs charged by the school system to a federal grant must be allowed under the individual program and be in accordance with the cost principles established in the Uniform Guidance, including how charges made to the grant for personnel are to be determined. Costs will be charged to a federal grant only when the cost is:

- A. reasonable and necessary for the program;
- B. in compliance with applicable laws, regulations, and grant terms;
- C. allocable to the grant;
- D. adequately documented and
- E. consistent with District policies and procedures that apply to both federally-funded and non-federally funded activities.

Internal controls will be sufficient to provide reasonable assurance that charges to federal awards for personnel expenses are accurate, allowable, and properly allocated and documented. Controls will include time and effort reporting in accordance with Uniform Guidance and the requirements of ODE or other applicable pass-through-entity.

2. Cash Management and Fund Control

Payment methods must be established in writing that minimize the time elapsed between the draw-down of federal funds and the disbursement of those funds. Standards for funds control and accountability must be met as required by the Uniform Guidance for advance payments and in accordance with the requirements of ODE or other applicable pass-through-entity.

*(Select one of the following options for procurement)*

3. Procurement

**The District will follow the procurement standards outlined in previous OMB guidance during the grace periods established. Effective with July 1, 2018 fiscal year, the District will comply with the federal procurement standards established through the Uniform Guidance.**

4. Conflict of Interest and Mandatory Disclosures

The District complies with the requirements of State law and the Uniform Guidance for conflicts of interest and mandatory disclosures for all procurements with federal funds.

Each employee, board member, or agent of the school system who is engaged in the selection, award, or administration of a contract supported by a federal grant or award and who has a potential conflict of interest must disclose that conflict in writing to the Treasurer. The Treasurer discloses in writing any potential conflict of interest to ODE or other applicable pass-through-entity.

A conflict of interest would arise when the covered individual, any member of his/her immediate family, his/her partner, or an organization, which employs or is about to employ any of those parties has a financial or other interest in or receives a tangible personal benefit from a firm considered for a contract. A covered individual who is required to disclose a conflict will not participate in the selection, award, or administration of a contract supported by a federal grant or award.

Covered individuals will not solicit or accept any gratuities, favors, or items from a contractor or a party to a subcontractor for a federal grant or award. Violations of this rule are subject to disciplinary action.

The Treasurer discloses in writing to ODE or other applicable pass-through-entity in a timely manner all violations of federal criminal law involving fraud, bribery, or gratuities potentially effecting any federal award. The Treasurer fully addresses any such violations promptly and notifies the Board accordingly.

5. Equipment and Supplies Purchased with Federal Funds

Equipment and supplies acquired with federal funds will be used, managed, and disposed of in accordance with applicable state and federal requirements. Property records and inventory systems shall be sufficiently maintained to account for and track equipment that has been acquired with federal funds.

6. Accountability and Certifications

All fiscal transactions must be approved by the Treasurer/designee who can attest that the expenditure is allowable and approved under the federal program. The Treasurer submits all required certifications.

7. Monitoring and Reporting Performance

The Treasurer will establish sufficient oversight of the operations of federally supported activities to assure compliance with applicable federal requirements and to ensure that program objectives established by the awarding agency are being achieved. The District submits all reports as required by federal or state authorities.

*NOTE: The Uniform Grant Guidance (Uniform Guidance) issued by the U.S. Office of ~~Budget and~~ Management and Budget (OMB) effects certain federal funds districts receive. The guidance replaces requirements found in eight previous OMB circulars. The new rules are in effect for new or noncompeting continuation grants awarded by OMB on or after December 26, 2014.*

*Districts are required to have written policies and/or procedures for the management of funds subject to the Uniform Guidance. The new rules are outlined in the Code of Federal Regulations (CFR) 200 and emphasize the need for strong financial management systems and other internal controls aimed at controlling fraud, waste and abuse. Internal controls should be in compliance with guidance in the Standards for Internal Control in the Federal Government issued by the comptroller general of the United States or the Internal Control Integrated Framework issued by the Committee of Sponsoring Organizations of the Treadway Commission.*

*This policy is intended to establish the board's expectations and standards for financial management and other internal controls necessary to meet its obligations when receiving federal grant awards. This policy is not sufficient, alone, to serve as the written controls required by the Uniform Guidance. It must be supplemented with written procedures that should be developed by the Treasurer.*

***Districts may choose to delay implementation of the Uniform Guidance procurement requirements outlined in 2 CFR 200.317 – 200.326 through the end of the 2017-2018 fiscal year. If you are utilizing this grace period this must be clearly documented in your internal procurement policies and also should be reflected in this policy.***
