

EVALUATION OF PROFESSIONAL STAFF  
(Administrators Both Professional and Support)

The Superintendent institutes and maintains a comprehensive program for the evaluation of administrative personnel. Administrative personnel are all persons issued contracts in accordance with the Ohio Revised Code. Evaluations should assist administrators in developing their professional abilities in order to increase the effectiveness of District management.

The purpose of administrator evaluations is to assess the performance of administrators, to provide information upon which to base employment and personnel decisions and to comply with State law. All administrators are evaluated annually. In the year an administrator's contract does not expire, the evaluation is completed by the end of the contract year, and a copy is given to the administrator.

In the year an administrator's contract does expire, two evaluations are completed, one preliminary and one final. The preliminary evaluation is conducted at least 60 days prior to June 1 and prior to any Board action on the employee's contract. A written copy of the preliminary evaluation is given to the administrator at this time. Evaluations are considered by the Board in determining whether to re-employ administrators.

The final evaluation includes the Superintendent's intended recommendation for the contract of the employee. A written copy of the final evaluation must be provided to the employee at least five days prior to the Board's action to renew or nonrenew the employee's contract. The employee may request a meeting with the Board prior to any Board action on his/her contract. The employee may have a representative of his/her choice at the meeting.

The evaluation measures the administrator's effectiveness in performing the duties included in his/her written job description and the specific objectives and plans developed in consultation with the Superintendent.

Evaluation criteria for each position are in written form and are made available to the administrator. The results of the evaluations are kept in personnel records maintained in the central office. The evaluated administrator has the right to attach a memorandum to the written evaluation. Evaluation documents, as well as information relating thereto, are accessible to each evaluatee and/or his/her representative.

This evaluation procedure does not create an expectancy of continued employment. Nothing contained herein prevents the Board from making any final determination regarding the renewal or nonrenewal of an administrator's contract.

Ohio Principal Evaluation System (OPES)

Procedures for evaluating principals and assistant principals are based on principles comparable to the Ohio Teacher Evaluation System, but are tailored to the duties and responsibilities of principals and assistant principals and the environment in which they work. Principals and assistant principals are evaluated under the above system, with the inclusion of the following components.

Principals and assistant principals are assigned an effectiveness rating of Accomplished, Skilled, Developing or Ineffective. This rating will be determined based on 50% measures of principal or assistant principal performance and 50% student growth measures. Student academic growth is determined through multiple measures.

Principals and assistant principals are evaluated via two formal observations and periodic building walk-throughs. The 50% principal and assistant principal performance measure is based on the Ohio Standards for Principals. Proficiency on the standards includes consideration of professional goal setting, communication and professionalism, and skills and knowledge.

Student academic growth is evaluated by a combination of: (1) Value-added data; (2) Ohio Department of Education (ODE)-approved assessments and/or (3) Board-determined measures. When available, value-added data shall be included in the multiple measures used to evaluate student growth. ~~Resulting data from Board-determined multiple measures will be converted to a score of: (1) Above, (2) Expected or (3) Below student growth levels.~~

**The principal's performance rating is combined with the results of student growth measures to produce a summative evaluation rating according to ODE requirements.**

The Superintendent/designee evaluates all principals and assistant principals annually. Annual evaluations include two formal observations at least 30 minutes each and periodic building walk-throughs.

The Board allocates financial resources to support professional development in compliance with State law and the State Board of Education's evaluation framework.

*NOTE: See policy coded AFC-1 (Also GCN-1) for an explanation of the coding of this sample policy. Regulations accompanying this policy follow under code AFC-2-R (Also GCN-2-R).*

*Administrative personnel are all persons issued contracts in accordance with State law, including the following: assistant superintendents, business managers, principals, assistant principals and all other personnel required to maintain certificates/licenses.*

*The evaluation process for principals and assistant principals is set forth by Ohio Revised Code Section (RC) 3319.02(D). Evaluation procedures for principals and assistant principals include the components set forth for administrative personnel, but include some additional requirements. Principal and assistant principal evaluations must be based on principles comparable to the teacher evaluation policies adopted under RC 3319.111, but must be tailored to the duties and responsibilities of principals and assistant principals and the environment in which they work. Therefore, principals and assistant principals are evaluated like other administrators, but with the addition of the State Board of Education's evaluation framework requirements.*

*The phrase "other administrator" as used in the statute is defined as being comprised of three basic types: (1) licensed administrators; (2) nonlicensed supervisors and management-level employees and (3) business managers.*

*A licensed "other administrator" is any employee who works in a position for which the board requires an administrative license. Professional pupil service employees (most notably guidance counselors), administrative specialists and persons employed in equivalent positions are, however, considered to be "other administrators" only if they spend less than 50% of their time teaching or working with students.*

*A nonlicensed "other administrator" is any employee (other than the superintendent) whose job duties enable him/her to be considered as either a "supervisor" or "management-level employee" for purposes of the Collective Bargaining Law. Thus, nonlicensed persons employed as transportation coordinators and maintenance supervisors, if they responsibly direct other employees, discipline them or effectively recommend such action, would appear to be "other administrators" within the meaning of the law. Business managers are persons who are employed in positions requiring a business manager's license and whose powers and duties are set forth in a series of statutes applying only to such position.*
