Intradistrict Open Enrollment
(Version 2)

The Board directs the administration to develop an intradistrict open enrollment plan when additional facilities or grade assignments change. The organization of facilities then would provide students with intradistrict open enrollment opportunities.

The District notifies the Ohio Department of Education (ODE) of any change to this policy within 30 days of adoption. The District maintains records verifying adherence to this policy and that complaints regarding this policy are addressed. These records are provided to ODE upon request.

Compliance with this policy is reported to the ODE by November 30 annually through the consolidated school mandate report.

If the District reports noncompliance, the Superintendent/designee must provide a written explanation to the Board within 30 days explaining this noncompliance and a written plan of action for accurately and efficiently addressing the problem.

NOTE: Districts are required to notify the ODE of any change to this policy within 30 days of adoption. ODE also may request a district to report any complaints filed or received regarding its open enrollment policy and may request documentation to verify open enrollment policies are being adhered to and complaints are being addressed. This oversight may include on-site visits.

Senate Bill 216 (2018) enacted Ohio Revised Code 3301.68 requiring ODE to establish, distribute and monitor a consolidated school mandate report for school districts. Except where specifically required by law, ODE cannot require a separate report for the items included in the report. Each district must complete and file the report by November 30 annually.

The report must require each district or school to denote "yes" to indicate compliance or "no" to indicate noncompliance with the following prescribed items and to provide any other information that the department requests regarding those items:

- training on the use of physical restraint or seclusion on students;
- training on harassment, intimidation, or bullying;
- training on the use of cardiopulmonary resuscitation and an automated external defibrillator;
- training on crisis prevention intervention;
- the establishment of a wellness committee;
- the reporting of a district's or school's compliance with nutritional standards;

- *screening for hearing, vision, speech and communications, and health or medical problems and for any developmental disorders of students enrolled for the first time in kindergarten or first grade and*
- *compliance with interdistrict and intradistrict open enrollment requirements.*

If a district or school denotes "no" on any item it must provide a written explanation to the Board within 30 days for why that item was not completed and a written plan of action for accurately and efficiently addressing the problem.

THIS IS A REQUIRED POLICY
