

## PROMOTION AND RETENTION OF STUDENTS

The promotion of each student is determined individually. The decision to promote or retain a student is made on the basis of the following factors. The teacher takes into consideration: reading skill, mental ability, age, physical maturity, emotional and social development, social issues, home conditions and grade average.

Promotion procedures demand continuous analysis and study of the cumulative student case history records. Administrative guidelines must be developed and reviewed and may include the following elements.

1. A student receiving passing grades in the core courses is promoted.
2. A student having failing grades in the core courses at the end of each year is evaluated by the teachers, guidance counselor and principal for placement.
3. No conditional promotions are permitted.
4. A student having failing grades may be assigned to the next higher grade with discretion only with approval of the principal.
5. No student having passing grades, "D" or above, throughout the year is failed.
6. No student should be retained more than twice in the elementary grades, kindergarten through eighth grade.
7. Documentary and anecdotal evidence should be available to justify retention.

Any student who is truant for more than 10% of the required attendance days of the current school year and has failed two or more of the required curriculum subject areas in the current grade is retained unless the student's principal and the teachers of the failed subject areas agree that the student is academically prepared to be promoted to the next grade level.

"Academically prepared" means that the principal, in consultation with the student's teacher(s), has reviewed the student's work and records and has concluded that, in his/her judgment as a professional educator, the student is capable of progressing through and successfully completing work at the next grade level.

Any student, unless excused from taking the third grade reading assessment under Ohio Revised Code Section (RC) 3301.0711, who does not attain at least the equivalent level of achievement as required by RC 3301.0710 on the assessment, is not promoted to fourth grade unless one of the following applies:

1. The student is an ~~limited~~ English **learner proficient student** who has been enrolled in United States schools for less than three full school years and has had less than three years of instruction in an English as a second language program.
2. The student is a child with a disability entitled to special education and related services under RC 3323 and the student's Individualized Education Program (IEP) exempts the student from retention under this division.
3. The student demonstrates an acceptable level of performance on an alternative standardized reading assessment as determined by the Ohio Department of Education.
4. All of the following apply:
  - A. The student is a child with a disability entitled to special education and related services under RC 3323.
  - B. The student has taken the third grade English language arts achievement assessment prescribed under RC 3301.0710.
  - C. The student's IEP or 504 plan shows that the student has received intensive remediation in reading for two school years but still demonstrates a deficiency in reading.
  - D. The student previously was retained in any of grades kindergarten to three.
5. The student received intensive remediation for reading for two school years but still demonstrates a deficiency in reading and was previously retained in any of grades kindergarten to three. Students promoted under this section continue to receive intensive reading instruction in grade four. The instruction includes an altered instructional day that includes specialized diagnostic information and specific research-based reading strategies for the student that have been successful in improving reading among low-performing readers.

Intervention services are offered to students who are not making satisfactory progress toward the attainment of the statewide academic standards for their grade level.

Any student who has been retained because of results on the third grade English language assessment and who demonstrates during the academic year that he/she now is reading at or above grade level is promoted to the fourth grade pursuant to the District-level midyear promotion policy.
