RE: 2015/2016 School Lunch Prices

Due to the Child Nutrition Reauthorization Act of 2010 it is necessary to raise our lunch prices to comply with the weighted average price of our paid lunch equity that is required. Our last increase was for the school year 2012/2013.

Attach is a survey of districts in our area and their lunch prices this year. Four schools so far has committed to raising prices next year and the others are still undecided or haven't done there weighted average calculations yet.

Please add to the agenda for the May's board meeting for approval for our new proposed lunch prices for the 2015/2016 school year.

<u>2014/2015</u>		<u>2015/2016</u>	
Elementary	2.35	Elementary	\$2.50
Middle & High	2.60	Middle & High	\$2.75

If any additional information is needed please advice.
